

T MCF meeting

즈드라스뜨뿌이체 ЗДРАВСТВУЙТЕ

Peter and my dear friends of TMCF,

MSO leadership joins me to send their warm greetings to you in the name of our precious Lord, Jesus Christ.

May you all enjoy His wonderful peace and grace under this difficult moment of pandemic.

Psalm 133:1 says, "How good and pleasant it is when brothers live together in unity!"

Dear brothers and sisters, we are very proud of you. You are one of the most distinguished MCFs in the standart who opens the national level MCF meeting under this difficult situation. We give our thanks to our Lord who allowed you to host this wonderful meeting.

Your meeting today is the product of your prayer of faith. Our Lord God will be very pleased by your togetherness.

We give our thanks to all of you, and in particular, the leadership of Tajikistan MCF led by Peter who always demonstrates himself as a faithful warrior of God.

Peter, I miss your dynamic and energetic presentation for your MCF as Christian soldiers.

May the Tajikistan MCF be encouraged, protected and strengthened by the mighty hand of our Lord.

Dear brothers and sisters,

COVID19 has changed our normal life. Meeting together has been constrained. Face-to-face contact has become rare. Rather, we have to adjust with online system more and more. Putting on your facemask has become routine. In result, our MCF meetings should adopt this trends.

Through our pray and plan, MSO had to cancel its oversea missionary tour this year regarding this worldwide corona pandemic. As we all know, we planned for visiting T MCF this year. But the Lord has not allowed us to come to you. We are looking forward to having a normal standart conference in 2021

Upon meeting with the challenge of worldwide pandemic, it is our true confession that we are so weak and so unable to fight against this unseen virus.

In the Bible, God often gave pandemic plagues to Israel people as a punishment.

But there are two things in common about those pandemic stories;

1. God is in control.
2. Plagues are not designed for destroying His people but for saving them with reconciliation.

So for the COVID 19. God is always good.

Then what should we do in this time of trial?

1. See your God. There's no other things we could rely on. See your God who has the power to release this pandemic.
2. Pray to God. Since God is in control, we ought to pray to the Almighty Controller. Praying is God-given weapon for Christians. We are privileged to reach God through prayer.
3. Wait for God. We have to wait for His time. And we must be still and seek for his will. Also as the father was waiting for his prodigal son in Luke chapter 15, God is also waiting for us. God is waiting for your coming back to Him.

Dear brothers and sisters,
You have come here to get together for the sake of being together. If you allow me, let me talk about some essential values of your meeting today.

Praying: Pray for each other. Pray for your MCF. Pray for your nation. Pray for standart. And pray for AMCF.

Learning: Learn not only from Jesus but from each other. We must be humble to learn from our friend beside us.

Fellowshipping: Enjoy your fellowship. May you all enjoy the joy of being together.

May the T MCF march forward for His glory.

Lastly, we, the members of MSO, will stand firm in prayer with you. Greetings from MGen Park the Chairman of MSO, Col. Chung, General Secretary, LtCol Park, Operations secretary, Col Chang, Director, World Mission Division, and Col Ahn, Tm leader for Central Asia.

May you all have His grace and peace of our Lord.

God bless you!
