

Greetings to You!

Report of Tajikistan Tajmahal.

In Fall of 2018 I was appointed as a president of Tajikistan MCF Tajmahal.

We started ministry together with brother Timur Ziyambetov.

The first stage for us was to find leaders in Tajikistan regions.

Namely

1. Sogdiyskaya region.
2. Hatlonskaya region.
3. Regions of Rebulican Subordination (Dushanbe).
4. Gorno-Badahshanskiy Autonomous region.
5. Regional coordinator who would visit and help and inform the president of Tajmahal of their needs.

For a long period of time we made prayer walks, prayed from 04:00 to 06:00 every day, fasted in prayer for team (leaders).

We met former special force member Rahimjon, the student of Bishkek theological college.

He unanimously was appointed as a responsible person for Gorno-Badahshanskiy Autonomous region (Pamir)

We have been closely working with non-believing militaries for already three years, particularly with the chairman of combat veterans Turobov Haiytbek, their number is 180 people.

48 people participated in military activities in Afganistan in 1979_1989

15 participants in Chernobyl. The families of the World War II veteran 1941-1945 - 15 people.

THE SPIRITUAL LIFE OF TAJMAHAL;

We have Tajmahal group, all are members of MCF. I send them out the sermons, information, Christian songs, topics to contemplate on.

The group "The word for every day" – from the ministers and pastors of the churches in Tajikistan.

Penuel group – consist of the ministers, non-believing militaries and civil people in CIS countries and Tajikistan, I also send them the word for every day, news about out Tajmahal, news of other fellowships, prayer requests.

Among them we find and prepare people for repentance and send to CIS countries leaders for further cooperation.

ACTIVITIES OF TAJMAHAL FOR 2020_2021.

We organize missionary trips across Tajikistan in order to establish our military fellowship in those places where there is no such ministry.

We hold the conferences, visit homes of military people, participate in awarding them by medals, letters of appreciations Made a memorial tablet for some homes of combat veterans. Distributed gifts to children and to disabled, and poor people as a part of welfare ministry.

NEEDS OF TAJMAHAL:

1. In 2019 in the center of Hudjand city, we purchased the land for Tajmahal building construction and together with the church for Tajik people. The total area of the land plot is 600 square meters, all documents are ready, all permissions were received from the government for center construction. In April, May, June we made arrangement of the land and started gathering big stones for foundation with our brothers.

But in 2020 the heavy land slide took everything away and destroyed the foundation of the building.

We need finance for building construction.

In order to run activities, seminars, conferences and mission trips we need finance.

We made 20 somony as the amount of membership fee which is 2 USD, (many members cannot give even this small amount...)

It would be good for us to pay salary to committed brothers because usually leaders are full time workers.

Based on the information we know that there are funds that may help with finance for church construction, business establishing such funds as Barnabas in Europe,

For activities and conferences such as ACCTS in USA and MMA in England.

But our efforts does not bring results.

We pray for Tajmahal center construction

For finances for conferences, seminars and mission trips and so on.

We need finance to start business.

As of today we have 10 hectars of land in Sogdiyskaya region where wheat and corn can be planted .

In Dushanbe there is 1 hectar of land for potato

On 23 February 2021 we jointly with mayor of Ganchi region organized festive conference for 500-600 militaries, retired as well as active

But due to lack of finance we could not organize the banquet. This event we have organized for 5 times within the 3 years.

This year we planned to spread Gospel to them because the soil is ready.

And organized luncheon for 12-15 selected active militaries.

Mainly 70 % of finance is spend by me and 30% by the help of Timur, Rahimjon, Kabir

It is sad to say, but there are facts that some of MCF members of Tajmahal request money for their personal needs under the name of our MCF needs, I ask you to inform PSOs about this negative facts.

I ask you if somebody requests money for the ministry on behalf of Tajmahal or as Tajmahal member, please could you confirm through me whether they are really in need of that money or it is really Tajmahal's request. We do not want be responsible for some people's misusing of the money.

Thank you very much for your prayers.

We work and will work for the expansion of the Kingdom of our Heavenly Father despite all difficulties.

I know that if there is will of the Lord, all plans will be fulfilled by Him.

With regards, the president of Tajmahal, Peter from the sunny Tajikistan
