On 1 July the members of Kazakhstan MCF - the official day in Russia "Day of Combat Veterans" organized the visitation of veterans group in Almaty. This event was accompanied with many preparations and cooperative work. Coordinating board of non-governmental organizations of Afghanistan and other combats veterans and disabled people of Almaty city headed by Mr. Abdrashukov M.M. helped us a lot in finding disabled people and veterans in need who live in Almaty. Bible Society of Kazakhstan gave us 25 New Testaments. Joint Kazakh-German-American Bible Mission helped us to prepare good food sets. We are so grateful to all those organizations for their assistance.

Also, nice

congratulatory card was designed and printed for that day. (Picture below)

Уважаемый

Поздравляем вас с днем участника боевых действий.

Здоровья вам, и долгой возможности продолжать делать добрые дела, в окружении любящих вас, родных и близких,

Военно - Христианское служение Казахстана. 1 июля 2021 г.

We found out the addresses of those veterans and contacted them in advance. From the early morning the members of MCF went for visitation not only in Almaty, but to Kaskelen village and Talgar town. Everywhere they were gladly met and with surprise because most of them had not had such experience before. Many of them even cried out of joy. All gratefully accepted congratulations and gifts and most of them New Testament. One person who could not walk in spite of the poster over his bed with muslim content gladly accepted prayer for his healing. In some places owners laid the table and accepted our members as dear guests. All were very happy and grateful for the event and asked not to forget about them. Each visit was with prayer for blessing and health. New Testaments were gladly accepted.

President of Kazakhstan MCF
Col. (ret.) Sadikov V.G.
