WELCOME

Last October this event was held online exclusively, for the first time. While we were saddened not to meet together in person in Canberra, it showed us just how many smaller gatherings, Australia-wide, were able to take advantage of the online format, as restrictions permitted.

And so we find ourselves in a similar position again this year, but with more experience and significantly more hope! Hope that our larger gatherings can return shortly and hope that our relationships can resume face-to-face, all grounded in the steadfast hope of God's unchanging character (Heb 13:8).

We believe this event will be of great blessing to our nation, uplifting our spirits at this challenging time in our history.

Yours in Christ,
Matthew Durban

City Bible Forum Canberra, and Lead, National Prayer Breakfast

City Bible Forum creates the spaces and opportunities for Australian workers to ask the bigger questions about life, faith and culture.

There are a wide range of networks available in each city and resources online, to help build community, connection, and support, so that workers can unpack issues of concern or misunderstanding, and discover what the Bible has to say about life.
