Injured Soldier Needs Prayer

We appreciate your prayers -- as do international military Christians!

This week, a young military Christian in Uganda, while participating in an ACCTS online Trauma Healing training program, was called out of the program to fulfill a duty assignment to apprehend cattle raiders. **While on that assignment, two men in his unit were killed and Jude was shot in the face - between his nose and left eye.** Despite his injury, he was able to email our staff member Emanuela (one of the program leaders) to tell her what happened and ask for prayers. He was evacuated to Kampala for surgery. Today, Jude's wife reports that he is out of surgery and recovering well, but will need at least one more further surgery (dental). **Please pray for Jude's complete healing, and be in prayer for the families of the two military personnel who were killed.** In addition to participating in the Trauma Healing program, Jude has been a previous participant in ACCTS' I-RMH leadership program and is our current military ethics intern. He has a heart devoted to God and military ministry and is being used strongly by God to further His kingdom.
