

# Nomadic mission trip

Hello. We did a mission trip to Tariat and Tsahir sum of Arkhangai province from June 19 to 25. The purpose of the mission trip was to raise local believers, spread the good news to pastoral families, and raise the faith of the students who are going on the mission trip.

We went with a group of 9 people and shared the Good News with 70 people. 37 of them accepted Christ as their Savior. It was a good result that our students understood how important it is to share the Gospel.

We went to the homes of the local church and listened to their prayer topics and praised with them together in prayer. The elder later testified that this was a revival in their spirit.

We had a quiet time every morning with the church leader's family through the "Knowing Jesus" Bible study material. They now have a good experience of doing Bible studies with the believers of their church.

## Disciple testimony

Even before I went on my mission trip, I saw God at work. When I was feeling discouraged about going, he gave me the motivation and finances to go through the people close to me.

My second mission trip showed my faith growth and taught me that problems can be solved by looking at them from a different perspective. My heart was enlarged and filled with love in the relationship with my teammates and local people.

Sometimes, it was difficult to tell the Gospel and I felt unwilling to go, but I was filled with the power to show God's love and to testify. God showed me that there are many people who do not know and have never heard God's good news. I felt the joy of the Gospel there. God has always been with us and protected us. Protected from rain, wind, accidents and even dogs. He provided us with food and money through a stranger. I have also heard about the amazing and impossible things he has done in people's lives. I have more awe and respect for God.
