1. In this new year we have to deal the reducing of our members, we also have to build up our futural leaders of next generation, not only we have to reach out and absorb new members, but also we need to train our co-workers to take in charge of the services.

2. we emphasize on reaching out by telephone and have asked coworkers to create a Revival Prayer Group (RPG) with members. **May God help us to build up more RPG groups.**

3. We still looking for an native English teacher to lead our Bible study, for up grading our English level of our members, especially of our co-workers. May God help our English Bible study be more effective.

4. The coming election of president will greatly affect our future, especially the relation with mainland China. For the war of Ukraine / Russian and Israel / Palestine are still on going, now the risk of war is far greater than our imagination. Pray to God to reduce the tension between both sides, and the new president may have good policy for the peaceful solution.
