

Greetings in Christ.

On behalf of AMCF President, General Essel Soriano, ACCTS requests that national military Christian fellowship (MCF) leaders complete a short survey on the health, activities, and greatest challenges and needs of their MCF.

This MCF census will help General Soriano, the AMCF regional vice presidents (VPs), and the three Principal Supporting Organizations (PSOs) to better support, encourage, and minister to fellowships and MCF members around the world.

We request that AMCF regional VPs assist in this effort by communicating with all the national MCF leaders in their regions and ensuring that the surveys are completed and returned to ops@accts.org by 21 February. Regional VPs are also invited to provide a summary of the overall MCF health within their regions. ACCTS will then compile the responses and share them with the AMCF world president.

Contact information and survey responses will not be shared outside of the AMCF leadership.

If you have any questions about this census, please contact the ACCTS office (ops@accts.org) or call directly.

Thank you for your assistance.

In Christ,

Phil
