2026 AMCF East & Central Asia Regional Conference Successfully Concluded Sharing Unity in Christ and a Vision for Military Ministry

The 2026 AMCF East & Central Asia Regional Conference was successfully held in Korea from September 16 to 19, 2026, for three nights and four days. Hosted by the Korea Military Christian Fellowship (KMCF), the conference was held under the theme, "Commit your way to the LORD" (Psalm 37:5). It was organized to strengthen Christian fellowship and unity among military Christians in the East and Central Asia region and to share a common vision for military ministry through Military Christian Fellowships (MCFs).

The conference brought together approximately 60 military Christian leaders and ministry representatives, including 28 participants from overseas and more than 30 from Korea. Centered around the Central Military Chapel and Seoul Youth Hostel, participants worshiped and fellowshiped together, shared the ministry vision and activities of the Association of Military Christian Fellowships (AMCF) and the East and Central Asia region, introduced the MCF ministries of their respective countries, and explored opportunities for greater cooperation.

Participants also experienced Korea's Christian heritage and culture through visits to Yoido Full Gospel Church, the Yanghwajin Foreign Missionary Cemetery, and the National Folk Museum of Korea. They also joined the Friday Prayer Meeting at Younknak Presbyterian Church, spending meaningful time praying for the nations and military ministry. In particular, country-by-country ministry reports and the IBS/CP programs provided opportunities to share the current situation and experiences of military ministry in each country, further strengthening the network among participants.

At the conclusion of the three-night, four-day conference, the participants returned to their respective countries and military fields, determined to fulfill their calling as Christian leaders and to continue working together for the strengthening of MCF ministries in their countries and the advancement of military ministry throughout the East and Central Asia region.

2 2026 FMF-K Interaction – Worship Services at Participants' Churches

As part of the 2026 Foreign Military Fellowship in Korea (FMF-K) Interaction, MSO visited Jawoon Church on September 13 and Korea National Defense University Church on September 20 to participate in worship services and fellowship with the congregations.

The visits were arranged to encourage the foreign military personnel who participated in the FMF-K Interaction and to strengthen relationships so that they could remain actively involved in Military Christian Fellowship (MCF) activities in their respective countries after returning home.

During the worship services and fellowship, the MSO Chairman and representatives shared about the current state of military ministry and prayed together that each participant would continue to live as a witness of the Gospel wherever God has placed them. They also reaffirmed their commitment to strengthening cooperation with Korean military churches and Christian military personnel and to continuing field-oriented global military ministry for foreign military personnel and their families.
